Data Source: FMCSA Motor Carrier Management Information System (MCMIS) data snapshot as of 02/22/2013, including current year-to-date information for 2013. The data presented above are accurate as of this date, but are subject to update as new or additional information may be reported to MCMIS following the snapshot date

* Roadside Inspections:

Driver Inspections were computed based on inspections level I, II, III, and VI.

Vehicle Inspections were computed based on inspections level I, II, V, and VI.

Hazmat Inspections were computed based on inspections level I, II, III, IV, V, and VI when HM is present.

The OOS rate for each category is based on the number of inspections which resulted in one or more Out-Of-Service (OOS) violations.
